

Sabroe SAB163HM Mk1 AUTO Vi bare shaft compressor block
The compressor is **overhauled**

The SAB163 Mk1 auto Vi can be delivered as Male driven (HM) or be modified as Female driven (HF)

The MK1 and MK2 generation of the SAB 163 are suited with rotors of the same length, therefore the drive shaft can be connected and modified in a male driven (HM) or Female driven (HF) .

Unique : This compressor is suited with automatic Vi – the most SAB163 Mk1 are with an manual adjustable Vi .

If you have in our refrigeration Plant a compressor unit with a SAB163 Mk1 AUTO Vi on top- It is now the time to purchase a spare compressor SAB 163 MK1 Auto Vi – It was 10 years that I had one in our network.
