

Portable oil filling pump

This portable oil filling pump is specially designed for filling oil in closed oil systems and suitable for the use with hydraulic oils and lubricating oils. The pump has an electrical overload protection and is equipped with a hydraulic safety valve which by default is set to 20 bar. The W- series are suited with a special filter, to reduce water of the oil.

Advantages:

- Portable and compact;
- Easy to use;
- Fast and clean filling in any location.

This portable oil filling pump is equipped with a complete hose set, 2 x 3 meters. A discharge filter which can be attached to the support bracket is optional for the 20 l/min pump.

Model	6 l/min 230V	20 l/min 230V	20 l/min 380 - 460V
Articlenumber	7880247713672	7880248043525	7880251562105
Voltage	230V 0,37 kW 50-60 Hz.	230V 0,75 kW 50-60 Hz.	380-460V 0,75 kW 50-60 Hz.
Medium	hydraulic / lubricating oils	hydraulic / lubricating oils	hydraulic / lubricating oils
Connections I O	3/8"	1/2" quick connectors	1/2" quick connectors
